

**Total Cycle Cleaner**

S100 is surface safe and biodegradable too! It's available in a range of sizes from the 1/2 liter kit, all the way up to the super-economical 5 liter canister. If you haven't tried S100 yet, why not join the thousands of riders who have found the secret to quick and easy bike cleaning, and get ready for less cleaning time and more riding time.

**Total Cleaner Package**

Part# 11-1625  
Retail \$54.95

5 of the very best S100 products all pack into a beautiful plastic carry-case organizer.

Part#	Description	Retail
11-1620	S100 1 Liter Deluxe Kit	\$15.95
11-1621	S100 1 Liter Refill	\$12.95
11-1622	S100 1/2 Liter Starter Kit	\$8.95
11-1623	S100 5 Liter Canister	\$49.95
11-1624	S100 5 Liter remote spray hose	\$6.95

**Total Cycle Cleaner Aerosol**

Part# 11-1626  
Retail \$11.95

New S100 Total Cycle cleaner now comes in an aerosol can for the speediest application ever. Now the fastest way to clean a motorcycle is even faster! But don't confuse this product with the old aerosol degreaser of the fifties. This is our famous modern detergent-based technology "tweaked" to work in an aerosol package. The result is phenomenal. The application time of minutes is now reduced to mere seconds. The S100 Total Cycle Cleaner aerosol will join the S100 line as an addition, not as a replacement, as research shows some consumers still prefer the pump-spray approach for some applications.

**Corrosion Protectant**

Part# 11-1630  
Retail \$10.95

Now put an end to virtually all corrosion and rust. S-100 Corrosion Protectant clings in a way that rain, salt air, and other corrosion causing influences cannot easily penetrate or wash away. Put a stop to that dulling and pitting, thus helping the bike to hold its appearance and value. S-100 Corrosion Protectant may also be applied to plastic and rubber parts. Other uses for S-100 Corrosion Protectant include the removal of tar and other petroleum-based stains and of course protection during winter storage that is totally unmatched by any other product.

**Engine Brightener**

Part# 11-1637  
Retail \$9.95

Now there's a way to bring back a factory look to your engine. S100 Engine Brightener put lubrication back into these surfaces: paints, plastics and rubber. It allows factory black look to come back to the engine.

**Total Cycle Finish Restorer**

Part# 11-1632  
Retail \$9.95/Tube

S100 Total Cycle Finish Restorer brightens aluminum, stainless steel, chrome engine parts, and removes minor scratches and oxidation from paintwork. S100 Finish Restorer also revives clouded plastic windscreens without scratching and rubs out easier than ordinary polishes with no unpleasant ammonia smell.

**Detail & Wax**

Part# 11-1633  
Retail \$10.95

S100 Detail and Wax is a true one-step care system formulated exclusively for motorcycles. Now you can clean and wax your bike anywhere, without water. Detail and Wax super convenient spray formula easily removes road soils, rain film and other contaminants that detract from your motorcycle's appearance. Simply spray on and rub to a beautiful shine. Can be used on almost any surface with excellent results. The unique beeswax formula makes rain dance off and even helps repel dirt. Special UV-inhibitors help keep paint and other surfaces from fading and clear coats from yellowing. Contains no abrasives. With Detail and Wax you go from filthy to shiny in one easy step without tripping over your hose!

## Wheel Cleaner

Part # 11-1631  
Retail \$10.95

S-100 Special Performance Wheel Cleaner brings up to 50% more cleaning power to the task of removing brake dust, road soils and chain lube. New S-100 Wheel Cleaner is a spray-on formula in a gel form. New S-100 Gel is water based, PH controlled and will not react with or damage any wheel type or brake system component as it does its cleaning.

## Special Surface Cleaner

Part # 11-1641  
Retail \$10.95

The liquid, spray on cleaner is designed specially for the cleaning of plastic surfaces such as helmets, face shields, fairings and windshields on motorcycles. It is a spray on, wipe off product requiring no water for rinsing and is safe and effective on polycarbonate and acrylics such as Lexan®, Lucite®, Plexiglas®, fiberglass etc. The formulation has extremely high anti-streak and low residue properties to enable it to remove insects and other soils quickly and easily, with minimal wiping required.

## Detailing Set

Part # 11-1638  
Retail \$9.95

The new S100 Detailing Set is the ultimate solution for getting into those nasty nooks and crannies. Set contains 25 flexible swabs and an ultra soft dusting and polishing cloth. The swabs are great for cleaning in tight areas like cooling fins, swing arms etc. Use them to apply S100 Total Cycle Cleaner or S100 Corrosion Protectant, etc. The swabs can even be bent to a 90° angle to reach around corners. The polishing cloth is perfect for removing light dust or rubbing out polishes and waxes.

## Polishing Soap

Part # 11-1639  
Retail \$10.95

S100 Cycle Care products announces an entirely new way to polish those "precious metals" on today's motorcycles. Based on a technology used by European silversmiths, S100 Polishing Soap is a firm, smooth, clay-based polish that gets applied with its own sponge. Wet the sponge, draw it across the polishing soap, squeeze sponge to create a lather and begin polishing! Rinse with water or allow to haze and buff off. Dulling, rust and corrosion disappear in seconds, many times faster and easier than with the "2 finger" polishing that soft pastes have offered for years. Use on exhausts, handlebars, case covers, forks, wheels etc....anywhere you would use a metal polish. Dozens of other uses around the home, too

## Detailing Swabs

Part # 11-1640  
Retail \$10.95

You can't get a bike really clean unless you get into those nooks and crannies. Now you can do it quickly and simply. The new S100 Detailing Swabs pack contains 50 detailing swabs, so flexible they will even bend 90° to reach into the most difficult places.

## Shine Enhancing Cleanser

Part # 11-1636  
Retail \$10.95

S100 Shine-enhancing Cleanser removes unwanted swirl marks, water stains, pollution residues, dirt particles and film that attaches to paint or clear coat without scratching. S100 Cleanser gives a showbike shine.

## Carnauba Paste Wax

Part # 11-1635  
Retail \$16.95

Now try S100 Carnauba Paste Wax for the ideal shine. If you get S100 Wax on plastic and other surfaces, it won't leave white stains or powder all over your bike. Made from carnauba and beeswax to give a shine that lasts and lasts.

## Drying Towel

Part# 11-1634  
Retail \$10.95

Super absorbing and Lint-Free towel that out-absorbs anything you've ever used. Super fast drying, no streaks, no spots, no hassle! You can dry almost anything with your S100 Drying Towel paintwork, polycarbonate, chrome, leather, leatherette you name it. The S100 Drying Towel will absolutely not become stiff or brittle when it dries. At just 6" x 3", the handy plastic pouch fits easily into the saddlebag or a large pocket. When the S100 Drying Towel gets dirty, just throw into your washing machine, wring it out and put it back in the pouch without the towel mildewing inside.
