

# BIB MOUSSE

## AIRLESS FOAM CORE INSERT

- Caution use only with Michelin Tires of identical size to Mousse on correct size rim.
- May overheat if run on highway over 20 miles or speed of 80 mph or more.
- Maximum off road speed 75 mph
- Mounting on the rim is difficult. Correct tools and directions must be carefully used to avoid injury to the Mousse, rim, tire and the rider.

- Virtually eliminates flat tires
- Suitable for outdoor motocross or off road racing
- Multicellular foam replaces conventional off road tubes
- Simulates air pressure of approximately 13 psi

| PART#   | MOUSSE SIZE                        | RIM SIZE    | RETAIL   |

SPECIALITY PRODUCTS

## MICHELIN & TRELLEBORG STUDED WINTER TIRES

**Note:** Winter tires are specially designed for winter snow and ice off road riding only. They are not to be used on bare or frozen ground as excessive wear and tread damage will occur to tire and studs. Studded winter tires are shipped with carbide tipped rally studs installed by our special pneumatic machine. Automotive studding tools will not work with our unique shaped, one inch long studs, which are glued in position. Studded winter tires are high performance specialty off road only tires and do not carry any guarantees or warranties what so ever.
